

**We provide intensive English courses that are fun and engaging to students across Europe.**

*93% of students scored the quality of our teachers as 5 out of 5*

### **Our 'Boost your English Course'**

has been developed over 20 years and has been experienced by thousands of students.

Typically, courses run for one or two weeks – delivered in your school. We focus on improving linguistic confidence, fluency, listening and pronunciation skills. We do this with a combination of planned lessons and project work in small groups of up to 15.

**Our teachers** are qualified, enthusiastic experts who deliver purposeful learning experiences. All are native level English. We promote creativity in the classroom and many of our fantastic teachers are drama, art and music specialists.

### **The Benefits:**

**For Students:** Improved English speaking skills and motivation to learning English; greater confidence in speaking English.

**For Parents:** Pride in seeing their children gain confidence and ability.

**For the English Department:** Builds enthusiasm in the students to learn more and works well alongside the English curriculum that is delivered by the school.

**For the School:** A feature that can attract students to the school; complementary to the core curriculum; Is high value / low cost (assuming parents pay direct)

### **Community engagement**

Our activities stretch beyond the classroom - our teachers really enjoy taking part in family and community activities. Typically, teachers are hosted by families in the local school community.
