

Example English Alive Timetable

Our teachers are on a rotation system, meaning that each day our teachers go to a new class. This gives the students a chance to hear different accents and experience different teaching styles. Our teachers are always given a 'home class' who they start with on Monday. They go back to this class each day for project / presentation final production work.

Our timetable can be adapted to the needs of the school.

Typical Timetable for a 4-hour course:

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	
Our teachers arrive in Italy. We aim for them to reach the town by 6pm to meet and settle with their host families.	1 st lesson (1h20)	1 st lesson (1h20)	1 st lesson (1h20)	1 st lesson (1h20)	1 st lesson (1h20)	Departure day	
	10-minute break						
	2 nd lesson (1h20)	2 nd lesson (1h20)	2 nd lesson (1h20)	2 nd lesson (1h20)	2 nd lesson (1h)		
	10-minute break						
	Project work / final production (1h)	Project work / final production (1h)	Project work / final production (1h)	Project work / final production (1h)	Presentation of work and certificate ceremony (1h20)		

On the first day of the course the teachers arrive at least 30 minutes before the 1st lesson to prepare their classroom. They have all of the materials ready for their first day but will need access to a printer, photocopier and WIFI for the rest of the week.
